Trilogy Care and Barossa Aged Care have partnered to ensure you have access to high-quality home care services via your Home Care Package.

Trilogy Care will focus on assisting you with self-managing your Home Care Packaging while Barossa Aged Care focuses on delivering the services you need to stay at home for longer.

### WHO IS TRILOGY CARE?

Trilogy Care supports you to live well at home longer by helping you build and self-manage your Home Care Package. Trilogy Care is an approved Home Care Package provider and is registered with My Aged Care to deliver Home Care Package support.

### WHAT IS SELF MANAGEMENT?

Self-management is a way for you to manage the service providers you use and how your Home Care Package budget is spent. It gives you the flexibility to:

- Design and plan your own care plan with a dedicated care partner

- Choose the service providers you would like to work with
- Gain more control over how your Home Care Package funds are spent
- Increase your care hours with lower management fees

### WHY TRILOGY CARE?

One of the main reasons people choose to work with Trilogy Care to self-manage their Home Care Package is because it gives you absolute control over who provides your care and services. You can ensure you're surrounded by the best service providers to give you the care and support you want and need.

Self-management also removes the agency 'middle-man' allowing you to reduce your management fees by working directly with your care workers and support service. Thus, allowing you to maximise the number of care hours you can afford through your Home Care Package.
